## PROJECTS

### QUOTATION MANAGEMENT SYSTEM

(<https://www.meditechsuricals.com>)

- A system specifically designed for B2B businesses to manage product catalog and receive & manage Quotations.
- Developed using NextJS for frontend and KeystoneJS for backend as CMS, and GraphQL, deployed on Vercel and DigitalOcean.

### ATTENDANCE MANAGEMENT SYSTEM

(<https://attendance.tejeshkalra.com>)

- A beautifully designed app for teachers to seamlessly manage attendance across various courses and modify the data with great flexibility.
- Developed using NextJS for frontend and Strapi with GraphQL plugin as the CMS, deployed on Vercel and Heroku.

### BILL SPLIT APP

(<https://billsplit.tejeshkalra.com>) - Only Mobile

- A user-friendly app to split complex bills very easily. Ideally used to split a bill among a large group when split evenly is not an option.
- Developed utilizing the full-stack framework of NextJS with it's own built in API, hosted on Vercel and the JSON file hosted on AWS S3.

### FULL-STACK E-COMMERCE WEBSITE

- A consumer focused E-Commerce Website which is easy to use for both, consumers and the business maintaining their catalog & inventory.
- Developed using ReactJS on front-end, Express & NodeJS on backend, MongoDB for the DB and a third-party authentication service - Auth0.

## SKILLS

Creative and Innovative thinker, Team worker, Smart worker, Quick learner.
